Dear colleague Kusnanik,

We received your articles, thank you for your confidence. Both articles, one for Sport Science (Kusnanik-Hartati other for Acta Kinesiologica (Kusnanik, Rattray) have passed primary evaluation and sent to content evaluation. (Vol.10.Issue1,) will be published on February 28 and Acta Kinesiologica (Vol.11.Issue1,) will be published most March 30.

About donation payment, it can be done in several ways as we informed you in last e-mail. So, if you send through transfer (bank to bank) then you pay to publisher and it is Association "ECHOES". In that case Danijela Bonacin is information for you to know who is responsible person of "ECHOES", but IBAN number is bank account number

If you send money through Western Union as money transfer to specific person, in that case there is no bank account but you send directly to Danijela Bonacin and after you finished payment, you have to send us MTCN number so collect money.

If you send through PayPal, you send from one bank account (for example yours) to another bank account, in the ECHOES IBAN. A difference is only that there is PayPal account in the middle and money travels from your account and finally to ECHOES.

Please specify at your bank which way you will choose and after payment inform us about it.

Dear colleague Nining,

Everything is just fine and your two articles will go, one in Sport Science Vol.10. Issue 1 (February, 2017) and the other in Acta Kinesiologica Vol 11. Issue 1 (March, 2017). In addition, as I seems to understand you well, you want to send more article for Acta. Well, it is possible, but I have to know exactly if that will happen, because I have to receive the article before the deadline. Please confirm and send article together with donation confirmation. And please hurry, we have to finish Vol. 11 (March, 2017).

Nice regards,
