Dany Iman Santoso:

Thank you for submitting the manuscript, "Optimizing solar dish performance using analytical flux distribution in focal region" to International Journal of Renewable Energy Development. With the online journal management system that we are using, you will be able to track its progress through the editorial process by logging in to the journal web site:

Manuscript URL:

<https://ejournal.undip.ac.id/index.php/ijred/author/submission/27111>

Username: dany_santoso

Please note that the International Journal of Renewable Energy Development is now indexed by Scopus database, therefore, we would maintain the quality of accepted paper high.

If you have any questions, please contact me. Thank you for considering this journal as a venue for your work.

Prof. Dr. H. Hadiyanto
International Journal of Renewable Energy Development

Dear Dany Iman Santoso:

I am writing regarding your manuscript entitled : "Optimizing solar dish performance using analytical flux distribution in focal region" which you submitted to the International Journal of Renewable Energy Development.

Based on the Reviewer feedback as well as my own reading of your manuscript I want to strongly encourage you to undertake revisions and then resubmit your manuscript for consideration for publication in the International Journal of Renewable Energy Development.

I hope that this feedback will be helpful to you in developing your research, and that you will be encouraged to undertake the revisions within the next few weeks. You should know that manuscripts normally are revised at least once before being accepted for publication in the International Journal of Renewable Energy Development. Please don't hesitate to contact me if you have any questions about the comments above.

To submit a revision, go to <http://ejournal.undip.ac.id/index.php/ijred> and log in. You will be able to upload the revision and detailed response to reviewer comments.

When you submit a revised version of your paper, please include a statement explaining how this version reflects the feedback received from the Reviewers and the editors. Also, note if, and explain why, you decided not to follow any points made by Reviewers or editors.

When we receive your revised manuscript, we will send it to at least some of the previous Reviewers and ask them to assess whether you have addressed the main issues and, thus, whether your work should be accepted for publication.

Finally, we would appreciate it if you would acknowledge receipt of this message and, as soon as possible, let us know a) whether you plan to rewrite your paper as well as b) when you would plan to submit a new version to the International Journal of Renewable Energy Development for review.

Prof. Dr H Hadiyanto

=====

Reviewer A

Abstract is too short and must give main quantitative result data and final conclusion. The abstract must be written in past tenses.
Please also confirm that all equation in 1-9 were calculated and show the result in the papers
The citation and references did not follow the guidelines.
Provide more references

Although the revision has been made, however, some error still appear:

1. The citation are not following the guidelines
2. Please check for some typo for example Temperatur must be replaced by Temperature
3. We coonsider for acceptance however the manuscript must be thorough proof read. Please do proof read because a lot of grammatical error and English issue in the documents

Send also the proof of English check

Dear Author

As we suggested in previous review process, the manuscript needs to be checked by English native speaker. Please send the proof of this check before its acceptance

The current version has a lot of many error in spelling anmd grammar

Dear Dany Iman Santoso

Your manuscript submitted to International Journal of Renewable Energy Development, entitled "Optimizing solar dish performance using analytical flux distribution in focal region" has been subjected to review process by IJRED reviewers who are experts in the related fields.

Based on the reviewers' recommendations, I am delighted to inform you that your manuscript has been ACCEPTED for the International Journal of Renewable Energy Development.

We will proceed your manuscript to layout editor and send the proof to you for final correction. Please note that there will be no more revision allowed after this stage is reached.

Thank you very much for submitting your article to the International Journal of Renewable Energy Development. I look forward to receiving the revised version of your manuscript.

Sincerely,

Prof. Dr H Hadiyanto

Dear Prof. Hadiyanto,

I would send the APC at Bank Mandiri but the teller said that there is a Rupiah Account regarding your Mandiri account.

Should you send your Dollar Account or I have to send Rupiah to your Mandiri Account?

Best regards,
Dany Iman Santoso
