Good in resolution. Some of the tables, graphs, figures, and equations are cited and explained clearly (3)

The conclusions consistent with the evidence and the references provide sufficiently:

Need improvement (2)

This paper is recommended for the best paper awards:

Weak reject (2)

Overall Rating acceptance of the article:

Accept (+2)

Comment to the author:

1. Write the title of the Section (I.INTRODUCTION) (II. RESEARCH METHOD) and etc in the center of that Section

2. It would be better if you add block diagram or table to support your research study. You could add some related reference study to support it

3. It would be better if you add table or graph to your result and discussion section and add deep analysis about it

Reviewer B:

Is the article relevant to ICRACOS topic?:

Good(3)

Abstract consists of single paragraph 150-250 words divided into background/motivation, objective, statement contribution, and some quantitative or qualitative result for the purposed study that given cleary:

Good(3)

The ability to communicate to the reader (grammar and communication skills):

Marginal Fair in resolution. Some of the tables, graphs, figures and equations are not cited(2)

The article has a scientific contribution, quantifies novelty or originality to the field.:

Some scientific contribution and novelty or originality found(3)

The Literature review, theory, methodology, result and discussion/analysis for the purposed study given clearly:

Good presentation (3)

The paper includes a table, graph, figures, and equation reported in good resolution. They have been cited and explained with clarity in the paragraph.:

Good in resolution. Some of the tables, graphs, figures, and equations are cited and explained clearly (3)

The conclusions consistent with the evidence and the references provide sufficiently:

Good (3)

This paper is recommended for the best paper awards:

Accept (3)

Overall Rating acceptance of the article:

Weak Accept (+1)

Comment to the author:

Abstract should be write in two column format and use 10 pt font and bold

Please check carefully your grammar

Justify the format of reference and use the AP template.

It would be better if you add 80% international reference

Do you take some survey? It would be better if you add some table to explore some variable or Figure/diagram to explore your analysis result
