 Cc: Anita Qoiriah <anitaqoiriah@unesa.ac.id>, Naim Rochmawati <naimrochmawati@unesa.ac.id>, Wiyli Yustanti <wiyliyustanti@unesa.ac.id>, "Hapsari P. A. Tjahyaningtijas" <hapsaripeni@unesa.ac.id>, "Puput W. Rusimamto" <puputwanarti@unesa.ac.id>

yuni yamasari:

Congratulations, your abstract with paper ID: #276 and the Title: "Combining the Unsupervised Discretization Method and the Statistical Machine Learning for the Modeling of the Students' Performance" has been accepted for continuing to be submitted to full paper. The The 3rd International Conference on Vocational Education and Electrical Engineering (ICVEE) 2020 will be held on 2020-10-03 at in the virtually event

The full paper should include the introduction, method, results & discussion, and also the conclusion. The Introduction states the overview of the current state in the subject area and what it will contribute to the field. The methodology includes the methods that were used to get the purpose. Results and discussions show the results that you achieved, preferable in the graph, figure and table and offer an interpretation of those results. And the conclusion summarizes your key findings and further implications for the field.

Please make sure that your next full paper submission has a similarity score of less than 20%.

Thank you and looking forward to your participation in this event.

Reviewer A:

The article relevance to ICVEE topic:
 Good

Abstract consists of single paragraph 150-250 words with correct grammar and unambiguous terminology:
 Good

Abstract divided into background/motivation, objective, statement contribution for the purposed study that given clearly:
 Excellent

No abbreviation, footnote, reference, mathematical equation, and also include 3-5 keywords in abstract:
 Good

The abstract includes some quantitative result that have been achieved:
 Good

The abstract explores the originality and scientific contribution to the field.:
 Good

Clarity to communicate what has been done in comprehensive manner:
 Excellent

Comment to the author(s)* :

This abstract could be kept on with full paper.

Reviewer B:

The article relevance to ICVEE topic:

Good

Abstract consists of single paragraph 150-250 words with correct grammar and unambiguous terminology:

Good

Abstract divided into background/motivation, objective, statement contribution for the purposed study that given clearly:

Good

No abbreviation, footnote, reference, mathematical equation, and also include 3-5 keywords in abstract:

Good

The abstract includes some quantitative result that have been achieved:

Good

The abstract explores the originality and scientific contribution to the field.:

Good

Clarity to communicate what has been done in comprehensive manner:

Good

Comment to the author(s)* :

The abstract should include some quantitative result that have been achieved.

Letter of Acceptance for Abstract

Dear Authors: yuni yamasari, Anita Qoiriah, Naim Rochmawati, Wiyli Yustanti, Hapsari P. A. Tjahyaningtijas, Puput W. Rusimamto

We are pleased to inform you that your abstract (Abstract ID #276), entitled:

Combining the Unsupervised Discretization Method and the Statistical Machine
Learning for the Modeling of the Students' Performance

has been reviewed and accepted for continuing to be submitted to full paper. 2020 the third International Conference on Vocational Education and Electrical Engineering (ICVEE) will be held on 3 to 4 October 2020 in the virtual event.

Please submit your full paper before the deadlines, visit our website for more information.

Thank you,

Best regards,

Prof. Dr. Bambang Suprianto, M.T
Conference Chair

Dear ICVEE participant,
Congratulations, your abstract has been accepted for continuing to be submitted to the full paper. The Full paper template is in the attachment file.

The full article should be submitted before **August 12, 2020**. Please follow the guidelines IEEE template in the attachment file when submitting your full article and make sure you have checked your paper thoroughly. A brief paper must not exceed 6 pages of formatted text in the IEEE two-column style.

Please pay more attention to the grammar, communication/presentation skills and scientific contributions to the field that have been explored clearly. The paper also includes tables, graphs, figures, and equations with good resolution and it has been explained with clarity in the article. Please make sure that your full paper submission has a similarity score of less than 20%.

The full paper should include the introduction, method, results & discussion, and also the conclusion. The Introduction states the overview of the current state in the subject area and what it will contribute to the field. The methodology includes the methods used to get the purpose. Results and discussions show the results that you achieved, preferable in the graph, figure and table and offer an interpretation of those results. And the conclusion summarizes your key findings and further implications for the field.

The full paper should be uploaded via <http://icvee.conference.unesa.ac.id/registration/> according to your abstract ID submission. To upload your full paper: you just clicked the title of your abstract submission and then submitted the full article. After you have uploaded your full article, you must click finish submission and the status of your ID article is paper in review

If you have already uploaded your full papers via <http://icvee.conference.unesa.ac.id/registration/> just ignore this email.

if you have any questions Please don't hesitate to contact: icvee@unesa.ac.id

We wish you safety and good health during this strange time of the COVID-19 outbreak.

Thank you very much for your participation

Best regards

ICVEE committee
