Professor Oleg Khudolii

Editor-in-Chief Physical Education Theory and Methodology (TMVF)

Dear Professor Oleg Khudolii

We are pleased to submit an original research article entitled "Experienced VS Inexperienced Para Swimming Athletes: Training Load & Recovery in Preparation Period" for consideration of publication in the Physical Education Theory and Methodology (TMVF). This manuscript has not been published elsewhere, and it has not been submitted simultaneously for publication elsewhere.

In this paper, we report exciting findings that the experienced para-swimming athlete had a lower significant training load than the inexperienced athletes ($p < 0,05$). In addition, the
