ES

Dear Dr. Abadi Abadi,

We have reached a decision regarding your submission to Communication in Biomathematical Sciences, "The Model of Rubella Virus Transmission with Congenital Rubella Syndrome Risks".

Our decision is to: Revisions Required

If you are able to correct the paper taking into account all of the points raised in the referees' report, I would be willing to arrange for the paper to be reviewed again. Revisions should be submitted within 7 days.

Besides the referees' report as attached in this email, see also the "Reviewer Uploaded Files" in journal's website to read the additional comments from reviewers (if any).

If you choose to revise your manuscript it will be due into the Editorial Office by 06 December 2020.

Revised article should be submitted on CBMS's journal online system under Review Tab, click on "Upload Author Version".

Submission URL: <http://journals.itb.ac.id/index.php/cbms>

If you does not know or forget your username and password for the journal's web site, you can use this link to reset your password (which will then be emailed to you along with your username).  
<http://journals.itb.ac.id/index.php/cbms/login/lostPassword>

When submitting your revised paper, please include a separate document that carefully addresses the issues raised in the reviewer comments, point by point. You should also include a suitable rebuttal to any specific request for change that has not been made. To assist the review process, it is essential that all corrections made to the text (in response to both the Editor's and the reviewer's comments) are highlighted in red type.

To upload your revision's comments and other additional files (if any), click on "Add a Supplementary File" under Summary tab.

Thank you, and we look forward to receiving your revised manuscript.

With kind regards,

Edy Soewono

Dear Editor,

Regarding my previous submission entitled: The Model of Rubella Virus Transmission with Congenital Rubella Syndrome Risks, I would like to inform you that here by I resubmit the article but with the following requests.

1. The title of the paper is changed: " Measles Transmission Model with Vaccination and Hospitalization Treatments".
2. One person named Muhammad Fakhruddin is added as one of the authors of the paper.

Thank you for your kind attention.

Dear Dr. Abadi Abadi,

We have reached a decision regarding your submission to Communication in Biomathematical Sciences, "The Model of Rubella Virus Transmission with Congenital Rubella Syndrome Risks".

We are pleased to inform you that your manuscript referenced above has been accepted for publication in Communication in Biomathematical Sciences.

Next, the paper will be sent to our copy editor to improve the English writing, and then sent to layout editor to improve the paper layout.

Many thanks for submitting your fine paper to Communication in Biomathematical Sciences. We look forward to receiving additional papers from you in the future.

Dear Editor,  
Thank you for the good news.  
Just want to inform you that, the title of the paper was changed, as I requested previously.  
The new title is:  
"Measles Transmission Model with Vaccination and HospitalizationTreatments"

Hereby by I send you again the latest version of the paper regarding your review note.
