

**From:** SCIK office@scik.org  
**Subject:** [cmbn] Editor Decision #4422  
**Date:** 10 February 2020 21.00  
**To:** abadi abadi@unesa.ac.id

Dear Abadi:

Following the review of your Research Article titled "The Effects of Vaccination to the Dynamics of Rubella Virus with Seasonality", I am delighted to inform you that your manuscript is now officially accepted for publication in Communications in Mathematical Biology and Neuroscience (CMBN).

Please download the template of CMBN at

<http://scik.org/authors/templates.zip>

and send the source (.tex or .docx) files of your final version within one week, to the following email address:

[office@scik.org](mailto:office@scik.org)

CMBN is an open access journal distributed under the Creative Commons Attribution License, which permits unrestricted and free use, distribution, and reproduction in any medium, provided the original work is properly cited.

To cover the cost for providing article processing service and free access to readers, authors pay an article processing charge (APC) for each accepted manuscript.

Total amount for each accepted manuscript: USD 300.

Online Payment: [https://p.scik.org/creditcard/?page\\_id=39](https://p.scik.org/creditcard/?page_id=39)

Please let us know if you would like to use a different method of payment.

Your prompt action would be appreciated. Thank you for submitting your work to CMBN.

---

Best regards

Bruce Young

Dear Editor of CMBN,

Thank you very much for your notification.  
I will finish and send the source of final version of my article this week.

best regards,

Abadi, Dr., M.Sc.

**From:** Abadi Abadi abadi@unesa.ac.id  
**Subject:** Re: Galley-Proof #4422  
**Date:** 25 February 2020 15.58  
**To:** SCIK office@scik.org

Dear Editor,  
Hereby I send you a small correction of the final version of my manuscript.

List of Corrections

Line No	Actual text	Correction
184 -- 185	The determination of the basic ratio number of both systems with seasonality only (4) and system with seasonality combined with vaccination (3).	The determination of the basic ratio number of both systems with seasonality only (4) and with seasonality combined with vaccination (3) is an important stage of the analysis.

Thank You

Abadi
